* Robert W. Madden

As a staff photographer for National Geographic magazine for over 15 years, Bob Madden produced the photographs for many magazine stories and several National Geographic books. Travels across all seven continents exposed him to an extraordinary diversity of cultures and customs, from the Yanomamo Indians in the jungles of Venezuela, to street life in Brooklyn, New York, to the ecology of the Chesapeake Bay, the area Bob calls home.

Bob’s experiences have equipped him to offer what he has learned to fellow photographers who subscribe to his domestic and international photo tours where he helps participants hone their photographic skills.

Bob has also been immersed in photography from another perspective: he served as Senior Assistant Editor and Director of Design at the National Geographic magazine and picture editor for National Geographic Kids magazine and National Geographic Books. He designs trade books such as Madagascar A World Out of Time, by Allison Joly and Frans Lanting (Aperture) and Sam Abell A Photographic Life (Rizzoli).

His long list of awards and credits include: Magazine Photographer of the Year (twice); College Photographer of the Year; and design awards from the Society of Publication Designers, The New York Art Directors Club, and Communication Arts.

A Midwesterner, Bob is a graduate of the University of Wisconsin and studied photojournalism at the University of Missouri.

He lives in downtown Annapolis.
