

## **Cherry Blossom Field Trip**

**Wednesday, March 30, 2011 (expected to be the peak of the blooms this year) - 6:00 pm to 8:00 pm ish (Sunset is at 7:30 pm)**

**Meet at the Tidal Basin in Washington, DC - We'll be around the entrance to the dock for the rental boats (across from the Jefferson Memorial, South of the Washington Monument) at 6:00 pm. Though it is a weekday and most of the traffic will be heading out of town, the cherry blossoms are a big draw and parking at or near the tidal basin may be sparse. Please dress appropriately for the weather and walking. Depending on turnout and desire, we may end up at Old Ebbitt Grill near the White House for some food, drink, and company/chimping after our photography.**
