**Don (Nonlinearart)**

As a long-time Annapolitan and photographer, my time is applied to both teaching photography/editing and developing my own eye in shooting events, architecture, land and sea photography today is exciting enough to be my latest obsession, and I carry that through my teaching and working with the Digital Photography Club of Annapolis. I shoot with a 70-200 f/2.8, a Sigma 10-20 and a lot of other stuff in the bag plus some tripods. Works for me now, but there's always something in the catalog that's on the "next" list.
