2. Random Images... Flickr
3. Coming Events
4. Latest News & Links
  - Announcements
  - Officer Blogs
5. Webmaster...

The screenshot shows the homepage of the Digital Photography Club of Annapolis. At the top, there is a yellow header with the club's name and a logo of a boat. Below the header is a green navigation menu with links for HOME, ABOUT US, ORGANIZATION, CALENDAR, RESOURCES, LINKS, and FORUMS. The main content area features a 'Welcome Aboard!' message, a description of the club, and a list of upcoming events. A central green box highlights the 'Coming Events' section, which includes details for the next meeting on Monday, Sept. 12, 2011, at 7:00 to 9:00 PM, with a main topic of 'Member's Showcase' and 'Web Walk' & 'Forum Review'. To the left, a 'Random Images from the DPCA Flickr Gallery' is displayed. To the right, a 'Latest DPCA News & Links' section includes a 'New "Forums" Section' announcement, meeting notes for the June 20th meeting, and a 'DPCA Official Blogs' section. At the bottom, there is a 'Return to Top' link and a footer with the date 'Last updated on Sunday, September 11, 2011 by Mike DeLuca' and a copyright notice for 2011.

## FAQ Page

Welcome to our fledgling FAQ page. Over time we hope that here you will find answers to many things that puzzle you about the club or this web site. **CLICK on the question to link to the answer.**

We humbly request your patience. Thank you.

**Q. What does FAQ mean?**

**Q. What's the difference between a member "Showcase" and a member "Challenge"?**

**Q. The LINKS menu lists a bunch of "Blogs". What's are they all about?**

**Q. How do I submit a question to the Tech Spot blog?**

**Q. What does FAQ mean?**

The abbreviation FAQ stands for "Frequently Asked Questions". It is a term that has gained wide use on the internet and generally tries to explain in "plain english" some of the "geek speak" prevalent on web sites.

**Q. What's the difference between a member "Showcase" and a member "Challenge"?**

- A SHOWCASE is an event where members may present their images to the group. Any subject is OK and the image may have been taken at any time. The SHOWCASE allows members to present their photos and explain (if desired) their thoughts in approaching the subject.
- A CHALLENGE is just that - it challenges members to create an image on a specific topic during a specific time period. Challenges are announced well in advance stating the topic and time period. Usually, an outside "expert" is invited to review these images and provide positive feedback to the member.

**Q. The LINKS menu lists a bunch of "Blogs". What's are they all about?**

"Blog" is short for Web Log and is one avenue the DPCA officers will be using to communicate with the members. As an example, visit the "Tech Spot" blog to read the [bill about DPCA Blog](#) post.

**Q. How do I submit a question to the Tech Spot blog?**

Your questions are very important to everyone so submitting them is easy. Just follow the directions in the [Welcome to the DPCA Tech Spot](#) post.

### Submitting Photographs for DPCA Exhibits, Showcases and Challenges - 2011

**ATTENTION PLEASE! Read carefully, some URLs have changed.**

Beginning with the September 12, 2011 meeting of the DPCA, the following is the procedure for submitting photographs for Club events

1. You must be a DPCA member in good standing to submit photographs for Club events.
2. All work must be your, original work. If restoring or otherwise altering a photograph that you did not take, state your permissions to use the photograph(s) clearly in your submission email. The Club officers will disqualify any submission that violates or seems to violate copyright regulations.
3. Themes, file sizes, shooting periods, and submission deadlines must be followed or your photographs will be disqualified. Please don't exceed the number of photographs permitted for the showcase, challenge, exhibit, etc.
4. Unless otherwise stated, the submission deadline is 7 days before the next meeting for both Challenges and Showcases. For example that means the Monday, one week before a Monday meeting. For Exhibits, submission deadlines are different for each exhibit. Refer to the Club's website <http://www.digitalphotoclub.net> for instructions.
5. Prepare each photograph by converting it to a .JPG file no larger than 1024 pixels on the longest side. Larger images will be accepted but may be blocked by email servers. If you
